Small observation prompts

What did the child choose freely?

What was repeated?

Where did adult help become unnecessary?

What environment change is needed?

Prepared environment follow-up

- ☐ Simplify a material that is being avoided
- ☐ Prepare an extension for repeated work
- ☐ Refresh one shelf area before the next work cycle
- ☐ Model a grace and courtesy moment in a small group
- ☐ Schedule the next individual presentation
- ☐ Share one useful observation with the family or assistant
